Township of Blandford-Blenheim Website

#### ii. Application

MVA-08-23 Adam, 706614 Township Road 2, Princeton

Recommendation:

That the Township of Blandford-Blenheim Committee of Adjustment approve Application File A08-23, submitted by Mark and Linda Adam for lands described as Part Lot 20, Concession 1 (Blenheim) in the Township of Blandford-Blenheim as it relates to:

1. Relief from Section 6.1 to allow an additional residential unit (ARU) within a detached accessory building;

2. Relief from Section 5.5.2.4 to increase the maximum distance between the principal dwelling and the ARU from 30 m (98.4 ft) to 32 m (104.9 ft); and,

3. Relief from Section 5.16.2 to decrease the minimum distance between an enclosed municipal drain and a building/structure from 5 m (16.4 ft) to 2 m (6.6 ft).

Subject to the following condition:

i. That the proposed relief shall only apply to an ARU of the approximate size and location as depicted on Plate 3 of Report CP 2023-375.

The proposed relief meets the four tests of a minor variance as set out in Section 45(1) of the Planning Act as follows:

i) deemed to be minor variances from the provisions of the Township of Blandford-Blenheim Zoning By-law No. 1360-2002;
ii) desirable for the appropriate development or use of the land;
iii) in keeping with the general intent and purpose of the Township of Blandford Blenheim Zoning By-law No. 1360-2002, and;
iv) in keeping with the general intent and purpose of the Official Plan of the County of Oxford.

#### b. Public Meeting under the Planning Act, Zone Change

#### Application for Zone Change – ZN-23-14 (Ross Roth Sand & Gravel Inc.)

It is recommended that the Council of the Township of Blandford-Blenheim not approve the Zone Change Application submitted by Bender Contracting on behalf of Ross Roth Sand & Gravel Inc., whereby lands described as Part Lots 23-24, Concession 12 (Blenheim), Township of Blandford-Blenheim, are proposed to be rezoned from 'Aggregate Industrial Zone (ME)' to 'Special Aggregate Industrial Zone (ME-sp)' to permit a single detached dwelling and a residential unit within a building accessory to an aggregate operation.

| TO:                   | Township of Blandford-Blenheim Committee of Adjustment |
|-----------------------|--|
| MEETING:              | November 15, 2023                                      |
| <b>REPORT NUMBER:</b> | CP 2023-375  |
|                       |  |

Owners: Mark & Linda Adam 706614 Township Road 2, Princeton, ON N0J 1V0

#### VARIANCES REQUESTED:

- 1. Relief from Section 6.1 to allow an additional residential unit (ARU) within a detached accessory building;
- 2. Relief from Section 5.5.2.4 to increase the maximum distance between the principal dwelling and the ARU from 30 m (98.4 ft) to 32 m (104.9 ft); and,
- 3. Relief from Section 5.16.2 to decrease the minimum distance between an enclosed municipal drain and a building/structure from 5 m (16.4 ft) to 2 m (6.6 ft).

#### LOCATION:

The subject lands are described as Part Lot 20, Concession 1 in the former Township of Blenheim, now in the Township of Blandford-Blenheim. The lands are located on the south side of Township Road 2, lying between Gobles Road and Oxford Road 22, and municipally known as 706614 Township Road 2.

#### **BACKGROUND INFORMATION:**

COUNTY OF OXFORD OFFICIAL PLAN:

Schedule 'B-1' Township of Blandford-Blenheim

Agricultural Reserve & Environmental Protection

TOWNSHIP OF BLANDFORD-BLENHEIM ZONING BY-LAW 1360-2002:

Limited Agricultural Zone (A1)

#### COMMENTS:

#### (a) <u>Purpose of the Application</u>:

The subject lands are currently zoned 'Limited Agricultural Zone (A1)' and are approximately 9.3 ha (25 ac) in size. The lands currently contain an existing 250.8 m<sup>2</sup> (2,700 ft<sup>2</sup>) single detached dwelling and two (2) accessory buildings. The applicants are proposing to establish an additional residential unit (ARU) within a new detached structure that would be approximately 96.4 m<sup>2</sup> (1,038 ft<sup>2</sup>) in size and would be located approximately 32 m (104.9 ft) from the principal dwelling.

Plate 1, <u>Existing Zoning & Location Map</u>, shows the location of the subject lands and the current zoning in the immediate vicinity.

Plate 2, <u>Aerial Photography (2020)</u>, shows the location of the subject lands and surrounding properties.

Plate 3, <u>Applicants' Sketch</u>, illustrates the existing buildings and the location of the proposed ARU.

#### (b) <u>Agency Comments</u>

The <u>Township Drainage Superintendent</u>, the <u>Township Manager of Public Works</u>, the <u>Grand River</u> <u>Conservation Authority (GRCA)</u>, and <u>Southwestern Public Health</u> had no comments or concerns regarding the proposal.

#### (c) Intent and Purpose of the Official Plan:

The subject lands are designated Agricultural Reserve and Environmental Protection in the County Official Plan. The location of the ARU would be partially within the Environmental Protection Area designation and the Agricultural Reserve designation. In the Agricultural Reserve designation, lands are to be developed for a wide variety of agricultural land uses, including general farming, animal or poultry operations, regulated livestock farms, cash crop farms and specialty crop farms together with farm buildings and structures necessary to the farming operation as well as accessory residential uses required for the farm.

The priority of the Environmental Protection Area is to preserve and enhance important environmental areas and features while protecting them from land use impacts. In this instance staff are of the opinion that permitting a portion of the proposed ARU to be located within the Environmental Protection Area will not negatively impact key natural heritage features. The land in question, which is partially within a wetland, formerly had a residential structure where farm workers were housed and the proposed. The ARU would be in the general location of the former structure. Further, the Grand River Conservation Authority (GRCA) has reviewed the proposal and has indicated no concerns with the proposed location.

Regarding additional residential units (ARUs), Oxford County Council adopted policies regarding these units on February 8, 2023, via Official Plan Amendment 285 which are applicable to this application.

Specifically, in the Agricultural Reserve designation, ARUs are permitted within a single detached dwelling and/or in a structure ancillary to the principal dwelling, provided that both dwellings are located on a lot zoned for agricultural or rural residential use that permits a dwelling in accordance with the policies of the Official Plan.

A maximum of two (2) ARUs shall be permitted per farm unit, being two (2) in a principal dwelling or one (1) in a principal dwelling and/or one (1) in a structure ancillary to the principal dwelling. ARUs located outside of a settlement area shall be in accordance with the following:

- The ARU shall be clearly secondary and subordinate to the principal dwelling on the lot and have a cumulative gross floor area of no greater than 50% of the gross floor area of the principal dwelling, to a maximum of 140 m<sup>2</sup> (1,506 ft<sup>2</sup>);
- ARUs shall not generally be permitted where a lot or dwelling already contains other accessory residential dwelling and/or uses, including a group home, boarding or lodging house or a home occupation that is characterized by higher occupancy such as a bed and breakfast, a farm vacation rental or other similar uses;
- Individual on-site water supply and sewage services are demonstrated to be adequate to serve the proposed use, in accordance with the applicable policies;
- The existing principal dwelling and the lot are of sufficient size to accommodate the creation of an ARU and to provide adequate off-street parking, landscaping, stormwater management and outdoor amenity areas;
- The principal dwelling must have direct, individual vehicular access to a public street and all ARUs shall use the same driveway as the principal dwelling;
- There is adequate access from the front lot line and parking area to each ARU for both occupant use and emergency response;
- To the extent feasible, existing trees and other desirable vegetation are preserved;
- Land use compatibility concerns (e.g., due to proximity to industrial areas or major facilities) will not be created or intensified;
- The location of ARUs and related services and outdoor amenities shall comply with all other applicable policies of the Official Plan;
- All other municipal requirements, such as servicing, stormwater management, waste management and emergency access, can be adequately addressed.

The following additional policies shall apply to the establishment of an ARU in a detached ancillary structure;

- The lot must be a minimum of 0.6 ha (1.48 ac) in area;
- The siting, design and orientation of the ancillary structure, parking areas and outdoor amenity areas will allow for privacy for the occupants of the ARU, principal dwelling and abutting residential properties; and
- An ARU will satisfy MDS I or will not further reduce an existing insufficient setback.

Based on the criteria outlined above, Staff are of the opinion that the proposal conforms to the intent and purpose of the County's Official Plan.

#### (d) Intent and Purpose of the Zoning By-law:

The subject lands are zoned 'Limited Agricultural Zone (A1)' in the Township of Blandford-Blenheim Zoning By-law. The 'A1' zone permits a wide range of agricultural uses, including livestock and regulated farm operations, as well as buildings and structures accessory thereto.

Section 5.5.2 of the Zoning By-law allows for the consideration of an ARU within a detached ancillary structure on A1 zoned land provided that the following criteria is met:

- ARUs shall not generally be permitted where a lot or dwelling already contains other accessory residential dwelling and/or uses, including a group home, boarding or lodging house or a home occupation that is characterized by higher occupancy such as a bed and breakfast, a farm vacation rental or other similar uses;
- Individual on-site water supply and sewage services are demonstrated to be adequate to serve the proposed use, in accordance with the applicable policies;

- The existing principal dwelling and the lot are of sufficient size to accommodate the creation of an ARU and to provide adequate off-street parking, landscaping, stormwater management and outdoor amenity areas;
- Contains a cumulative gross floor area of no greater than 50% of the gross floor area of the principal dwelling, to a maximum of 140 m<sup>2</sup> (1,506 ft<sup>2</sup>);
- There is a 1.2 m (3.9 ft) unobstructed pathway from the front lot line to the entrance;
- 1 space per ARU is provided on-site;
- A minimum 75 m<sup>2</sup> (807 ft<sup>2</sup>) of open space in the rear yard for 1 ARU;
- The subject lands are a minimum of 0.6 ha (1.48 acres);
- The ARU shall have a maximum height of 5.5 m (18 ft); and,
- The ARU shall be a maximum distance of 30 m (98.4 ft) from the main dwelling.

Additionally, Section 7.2.6 Location of New Farm Dwellings, is to ensure that new farm dwellings, including temporary dwellings, shall be required to satisfy the minimum distance separation requirements as determined through the application of the Minimum Distance Separation Formula I (MDS I) or not further reduce an already existing insufficient setback. It is the intent of these regulations to reduce potential conflicts with livestock operations, wherever possible.

While the proposal does conform to the majority of the zoning provisions, Staff have identified that it does not conform to the maximum distance between the ARU and the principal dwelling. The applicants are proposing to permit the ARU to be placed 32 m (104.9 ft), rather than the permitted maximum of 30 m (98.4 ft). The applicants have advised staff that they are requesting the location in question as a dwelling previously occupied the space for farm help and the proposed ARU would be the establishment of a similar use. It is the opinion of staff that the request can be considered reasonable in this instance.

In addition to the ARU policies outlined above, Section 5.16.2 required buildings and structures to be a minimum of 5 m (16.4 ft) from covered municipal drains. The intent of drain setback provisions is to ensure that there is sufficient separation between all buildings/structures and the municipal drain to provide adequate room for drain function, maintenance, and to ensure that buildings/structures are located outside of the area that may be impacted by the soil stability of the drain. The Township Drainage Superintendent has reviewed the request and has advised that they do not have any concerns with the requested reduced distance to the enclosed municipal drain.

Staff have reviewed the proposal and are of the opinion that the proposal generally conforms to the intent and purpose of the Zoning By-law. While the proposed location of the ARU would be further from the principal dwelling than permitted, Staff believe that the location would make use of existing infrastructure and would not have a detrimental impact on surrounding agricultural operations.

#### (e) <u>Desirable Development/Use</u>:

It is the opinion of staff that the applicants' proposal to obtain relief from the maximum distance between the principal dwelling and the ARU can be considered minor and desirable.

Staff have reviewed the proposal and believe that even though the ARU would be further away from the principal dwelling than what is permitted, the area in question formerly contained a dwelling for farm help. Further, staff are of the opinion that the establishment of an ARU in the proposed location will allow for the use of the existing driveway and will not have an adverse impact on surrounding agricultural operations.

In light of the foregoing, it is the opinion of this office that the requested relief is in keeping with the general intent and purpose of the Official Plan, the Township's Zoning By-law, is minor and desirable, and can be given favourable consideration.

#### **RECOMMENDATION:**

That the Township of Blandford-Blenheim Committee of Adjustment **approve** Application File A08-23, submitted by Mark and Linda Adam for lands described as Part Lot 20, Concession 1 (Blenheim) in the Township of Blandford-Blenheim as it relates to:

- 1. Relief from Section 6.1 to allow an additional residential unit (ARU) within a detached accessory building;
- 2. Relief from Section 5.5.2.4 to increase the maximum distance between the principal dwelling and the ARU from 30 m (98.4 ft) to 32 m (104.9 ft); and,
- 3. Relief from Section 5.16.2 to decrease the minimum distance between an enclosed municipal drain and a building/structure from 5 m (16.4 ft) to 2 m (6.6 ft).

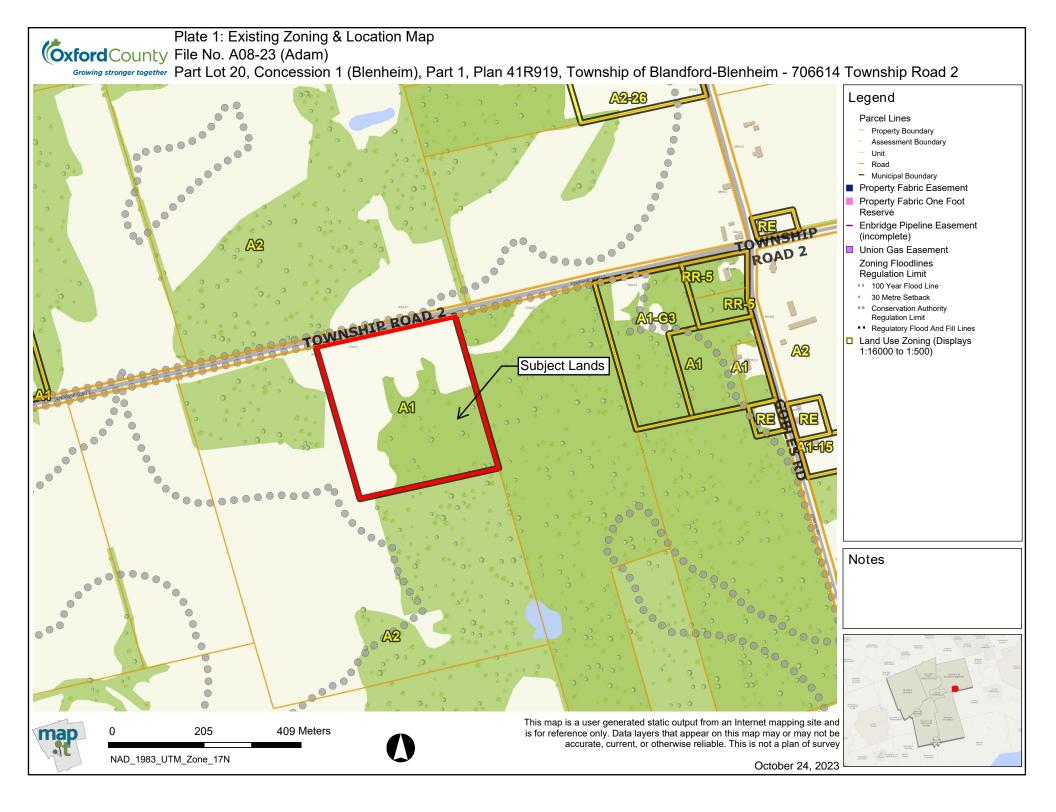

Subject to the following condition:

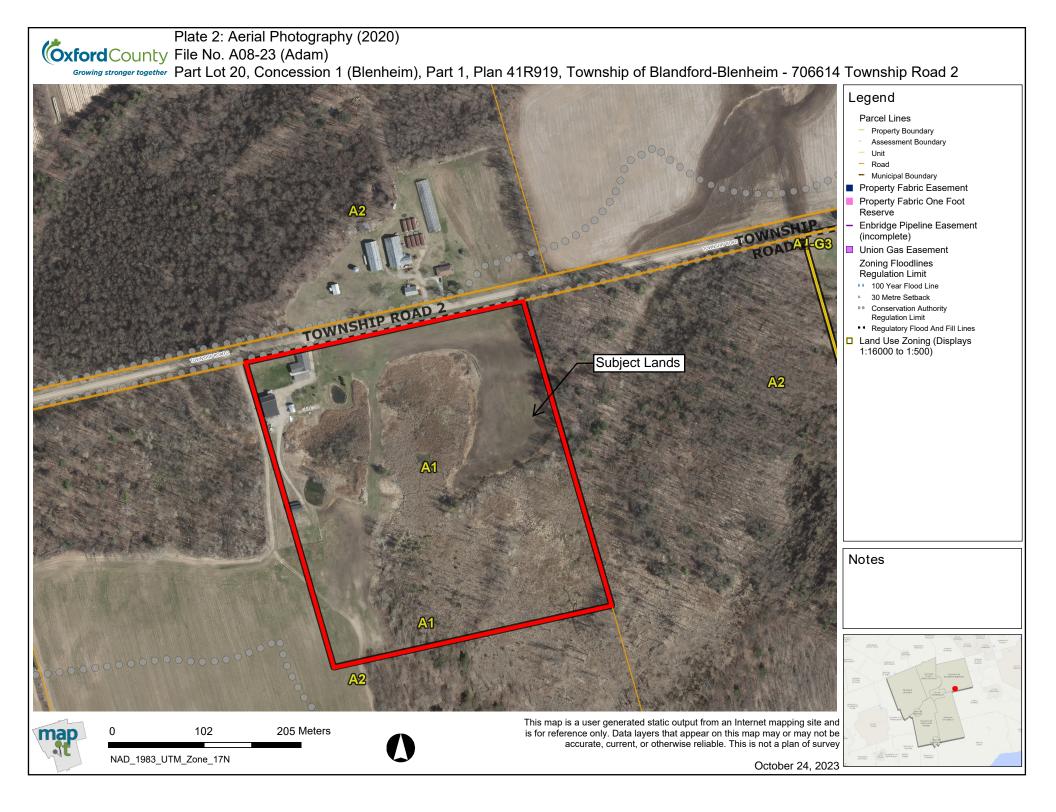

i. That the proposed relief shall only apply to an ARU of the approximate size and location as depicted on Plate 3 of Report CP 2023-375.

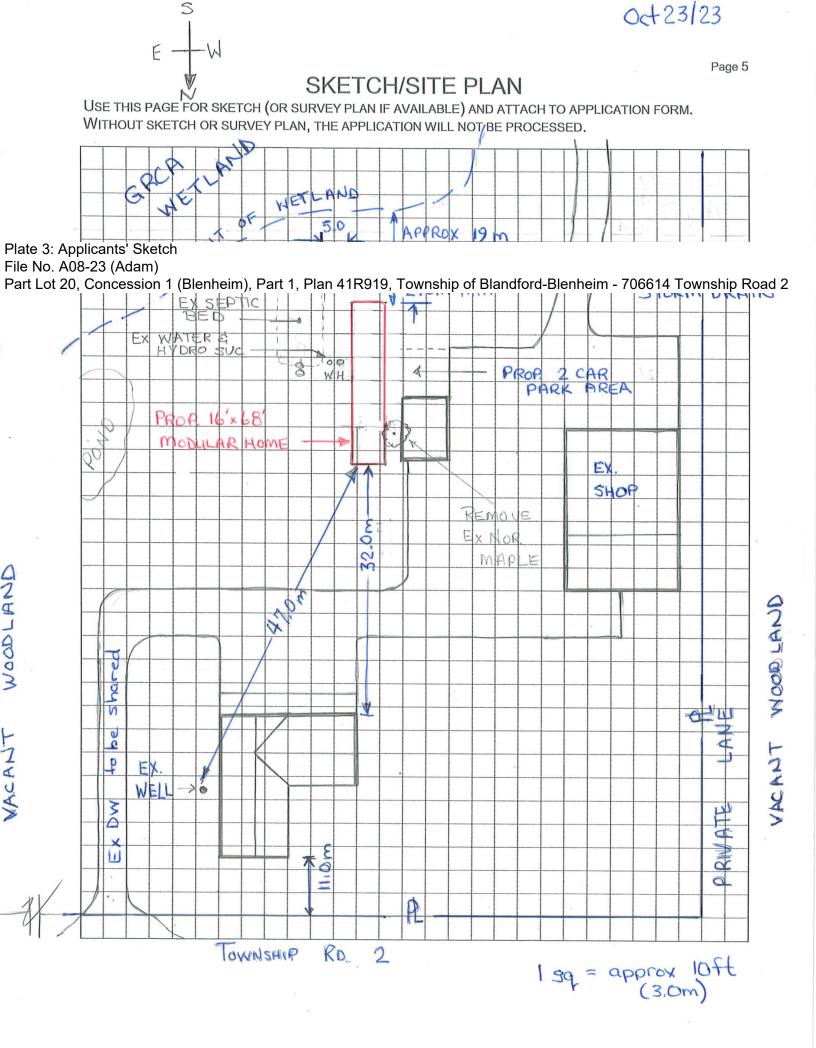

The proposed relief meets the four tests of a minor variance as set out in Section 45(1) of the <u>Planning Act</u> as follows:

- i) deemed to be minor variances from the provisions of the Township of Blandford-Blenheim Zoning By-law No. 1360-2002;
- ii) desirable for the appropriate development or use of the land;
- iii) in keeping with the general intent and purpose of the Township of Blandford-Blenheim Zoning By-law No. 1360-2002, and;
- iv) in keeping with the general intent and purpose of the Official Plan of the County of Oxford.

# Application for Zone Change ZN1-23-14 – Ross Roth Sand & Gravel Inc.

# **REPORT HIGHLIGHTS**

- The Application for Zone Change proposes to rezone a portion of the lands from 'Aggregate Industrial Zone (ME)' to 'Special Aggregate Industrial Zone (ME-sp).'
- The applicant is proposing to permit a single detached dwelling and a residential unit within a building that is accessory to the aggregate operation.
- Planning staff are not supportive of the proposed rezoning, as it does not maintain the intent and purpose of the Official Plan respecting additional farm residences within the agricultural reserve.

#### LOCATION:

The subject lands are described as Part Lots 23-24, Concession 12, in the former Township of Blenheim, now in the Township of Blandford-Blenheim. The lands are located on the north side of Township Road 12, between Oxford Road 22 and Oxford Road 8, and are municipally known as 906417 Township Road 12.

#### COUNTY OF OXFORD OFFICIAL PLAN:

Schedule "B-1" Township of Blandford-Blenheim Agricultural Reserve Land Use Plan

TOWNSHIP OF BLANDFORD-BLENHEIM ZONING BY-LAW 1360-2002:

Existing Zoning: Aggregate Industrial Zone (ME)

# Proposed Zoning: Special Aggregate Industrial Zone (ME-sp) and Aggregate Industrial Zone (ME)

#### PROPOSAL:

The subject Application for Zone Change proposes to rezone a portion of the subject lands from 'Aggregate Industrial Zone (ME)' to 'Special Aggregate Industrial Zone (ME-sp).' The purpose of the rezoning is to permit a building on-site that would be accessory to the existing aggregate operation and would include a residential unit approximately 184.3 m<sup>2</sup> (1,984 ft<sup>2</sup>) in size. The unit would be located inside of a building accessory to the aggregate operation, approximately 838.9 m<sup>2</sup> (9,030 ft<sup>2</sup>) in size. A single detached dwelling is also proposed but would be completed at a later date.

The subject lands are approximately 16.4 ha (40.6 ac) in size and contain an active aggregate operation. The applicants have been in the process of surrendering a portion of the aggregate operation (the western portion) through the Ministry of Natural Resource and Forestry (MNRF). The operation would continue on the eastern portion of the lands following a successful surrender.

Plate 1 – <u>Location Map and Existing Zoning</u> indicates the location of the subject property and the existing zoning in the immediate vicinity.

Plate 2 – <u>Aerial Photography (2020)</u>, shows an aerial view of the subject lands.

Plate 3, <u>Applicant's Sketch</u>, identifies the proposed location of the single detached dwelling and that the building accessory to the aggregate operation.

#### **Application Review**

#### 2020 Provincial Policy Statement

Section 1.1.1 of the Provincial Policy Statement (PPS) provides that healthy liveable and safe communities are sustained by accommodating an appropriate range and mix of residential housing (including additional units, affordable housing, and housing for older persons) to meet long-term needs, and promoting cost-effective development that minimizes land consumption and servicing costs.

Section 2.4.4.1 directs that mineral extraction is permitted in prime agricultural areas provided that the site will be rehabilitated. Section 2.5 further directs that mineral aggregate resources shall be protected for long-term use and, where provincial information is available, deposits of mineral aggregate resources shall be identified. Furthermore, as much of the mineral aggregate resource as is realistically possible shall be made available as close to markets as possible. Extraction shall also be undertaken in a manner which minimizes social, economic and environmental impacts.

Section 2.5.2.4 of the PPS outlines that mineral aggregate operations shall be protected from development and activities that would preclude or hinder their expansion or continued use or which would be incompatible for reasons of public health, public safety, or environmental impact.

#### Official Plan

The subject lands are located within the 'Agricultural Reserve' designation according to the Township of Blandford-Blenheim Land Use Plan in the County of Oxford Official Plan. The 'Agricultural Reserve' lands are to be developed for a wide variety of agricultural land uses, including general farming, animal or poultry operations, regulated livestock farms, cash crop farms and specialty crop farms, together with farm buildings and structures necessary to the farming operation, and accessory residential uses required for the farm.

Sand and gravel, oil, gas and gypsum extraction and ancillary uses are also permitted as interim uses in accordance with the Resource Extraction Policies in Section 3.4 of the Official, Plan.

Oxford County contains significant reserves of mineral aggregate resources, including bedrockderived crushed stone and naturally occurring sand and gravel. The presence of high-quality aggregate deposits has led to the establishment of significant quarrying and sand and gravel extraction industries in the County. The subject lands have been identified as a Sand and Gravel Resource Area. Such areas are identified as being lands where high-quality sand and gravel deposits exist. Policies for development in the Sand and Gravel Resource Area have been developed to minimize possible future conflicts between sand and gravel extraction and other uses.

As per Section 3.4.1.3.1.3 of the Official Plan, new non-farm rural residential uses shall be prohibited within Sand and Gravel Resource Areas. Notwithstanding Section 3.4.1.3.1.3, such a use may be considered where extraction has been completed and where rehabilitation is occurring subject to the policies of the Official Plan.

Section 3.4.1.3.6 of the Official Plan outlines priorities for lands containing aggregate operations once they are rehabilitated and surrendered. The top priority for said land is agricultural uses as most lands where aggregate operations exist are within prime agricultural areas. Where it is demonstrated that it is not possible to rehabilitate lands to an agricultural condition is not feasible then priority shall be given to rehabilitation which will result in significant improvements to the natural heritage system.

Regarding Additional Residential Units (ARUs), Oxford County Council adopted policies for these units on February 8, 2023, via Official Plan Amendment 285 which are applicable to this application.

Specifically, in the Agricultural Reserve designation, ARUs are permitted within a single detached dwelling and/or in a structure ancillary to the principal dwelling, provided that both dwellings are located on a lot zoned for agricultural or rural residential use that permits a dwelling in accordance with the policies of the Official Plan.

A maximum of two (2) ARUs shall be permitted per farm unit, being two (2) in a principal dwelling or one (1) in a principal dwelling and/or one (1) in a structure ancillary to the principal dwelling.

ARUs located outside of a settlement area shall be in accordance with the following:

- The ARU shall be clearly secondary and subordinate to the principal dwelling on the lot and have a cumulative gross floor area of no greater than 50% of the gross floor area of the principal dwelling, to a maximum of 140 m<sup>2</sup> (1,506 ft<sup>2</sup>);
- ARUs shall not generally be permitted where a lot or dwelling already contains other accessory residential dwelling and/or uses, including a group home, boarding or lodging house or a home occupation that is characterized by higher occupancy such as a bed and breakfast, a farm vacation rental or other similar uses;

- Individual on-site water supply and sewage services are demonstrated to be adequate to serve the proposed use, in accordance with the applicable policies;
- The existing principal dwelling and the lot are of sufficient size to accommodate the creation of an ARU and to provide adequate off-street parking, landscaping, stormwater management and outdoor amenity areas;
- The principal dwelling must have direct, individual vehicular access to a public street and all ARUs shall use the same driveway as the principal dwelling;
- There is adequate access from the front lot line and parking area to each ARU for both occupant use and emergency response;
- To the extent feasible, existing trees and other desirable vegetation are preserved;
- Land use compatibility concerns (e.g. due to proximity to industrial areas or major facilities) will not be created or intensified;
- The location of ARUs and related services and outdoor amenities shall comply with all other applicable policies of the Official Plan;
- All other municipal requirements, such as servicing, stormwater management, waste management and emergency access, can be adequately addressed.

The following additional policies shall apply to the establishment of an ARU in a detached ancillary structure;

- The lot must be a minimum of 0.6 ha (1.48 ac) in area;
- The siting, design and orientation of the ancillary structure, parking areas and outdoor amenity areas will allow for privacy for the occupants of the ARU, principal dwelling and abutting residential properties; and
- An ARU will satisfy MDS I or will not further reduce an existing insufficient setback.

#### Zoning By-law

The subject lands are zoned 'Aggregate Industrial Zone (ME)' in the Township of Blandford-Blenheim Zoning By-law. The ME zone permits a limited range of industrial uses, mostly focused on the resource extraction industry. Permitted uses include sand/gravel pits, asphalt/concrete batching, and underground mines. Accessory uses to principal uses, such as those listed in this section, are also permitted within the ME zone. A dwelling or residential unit is not a permitted use in the ME Zone.

Non-residential uses within the ME zone are required to have a minimum setback of 30 m (98.4 ft) from any property line or 90 m (295.3 ft) from any Residential or Development zone. As residential uses are not permitted within the ME zone, there are no zoning provisions for residential uses, such as a single detached dwelling or an additional residential unit (ARU). The proposed building accessory to the aggregate operation is proposed to be approximately 12.1 m (40 ft) from the west interior lot line, which abuts an agriculturally zoned parcel of land.

#### Agency Comments

The <u>Township Director of Public Works</u> has advised that the Township policy is a maximum of 2 entrances per property. If a private entrance will be required a permit from the Director of Public Works will be required.

The <u>Township Chief Building Official</u> has advised that, if the application is approved, a Minimum Distance Separation (MDS) study will need to be completed in order to obtain building permits.

The <u>Township Drainage Superintendent</u> and <u>Southwestern Public Health</u> have indicated no concerns or objections regarding the proposed zoning amendment.

#### Public Consultation

Notice of the proposal was provided to the public and surrounding lands owners in accordance with the requirements of the <u>*Planning Act*</u>. At the time of writing this report, one letter of support has been received. A copy of said letter has been attached to this staff report for Council's reference.

#### Planning Analysis

The applicant is proposing to establish residential uses on the subject lands through the subject Application for Zone Change by rezoning a portion of the lands to a ME-sp zone. If approved, it has been advised that the proposed 838.9 m<sup>2</sup> (9,030 ft<sup>2</sup>) accessory building would be constructed first and would contain an approximately 184.3 m<sup>2</sup> (1,984 ft<sup>2</sup>) residential unit. A single detached dwelling would then be constructed at a yet to be determined date.

The purpose of the ME zone is to accommodate aggregate operations. Given the nature of such operations when it comes to aspects such as dust, noise, and traffic, the ME zone does not permit residential uses. Further, the Official Plan includes policies to ensure that aggregate operations are adequately situated as to not impact surrounding agricultural operations or residential uses.

The subject lands have contained an aggregate operation for approximately 50 years. The current landowners have been in the process of surrendering the aggregate operation on a portion of the lands. The portion of the aggregate operation on the eastern side of the lands will continue to operate. In order to surrender a former aggregate operation, landowners must receive approval from the Ministry of Natural Resources and Forestry (MNRF). The landowners have been navigating this process and have provided correspondence from MNRF staff indicating that the process is underway. In an email provided by the applicant, dated August 23, 2023, MNRF staff outlined that the provided Inspection Report indicated that the area to be surrendered has met the intent of the Progressive Rehabilitation and Final Rehabilitation Plan and MNRF staff would be recommending partial surrender to the Aggregate Section (see attached correspondence). Official confirmation of the surrender has not, however, been received to date.

The Official Plan allows for the consideration of non-farm rural residential development to only be considered within Sand and Gravel Resource Area designation where the extraction has been completed and rehabilitation has occurred. The intent of this policy is to ensure that the aggregate operation on-site ceases in its entirety rather than only a portion shutting down but another portion continuing on-site within the vicinity of the residential use, such is being proposed in this instance. Staff are of the opinion that the subject Zone Change Application is premature and would be more appropriate once the aggregate operation in its entirety has ceased and the site has been rehabilitated in accordance with MNRF standards.

Concerning the residential unit within the accessory building, the intention of ARUs within accessory buildings is to be secondary to an existing principal dwelling. The proposal in this instance is to establish the unit within the accessory building before a principal dwelling is established. Further, the proposed ARU is approximately 184.3 m<sup>2</sup> (1,984 ft<sup>2</sup>) which would exceed the largest ARU allowance of 140 m<sup>2</sup> (1,506 ft<sup>2</sup>) by 44.4 m<sup>2</sup> (478 ft<sup>2</sup>). Given the information outlined, in staff's opinion the proposal does not meet the intent of an ARU. Additionally, staff are

of the opinion that reducing the setback between the building accessory to the aggregate operation and the interior side yard from 30 m (98.4 ft) to 12.1 m (40 ft), which represents a 59.7% reduction, is not good planning as it increases the potential for conflict with the adjacent property.

In light of the foregoing, staff are recommending that the application not be supported as the proposal does not maintain the intent of the Official Plan to restrict the introduction of new non-farm rural residential uses, particularly when in close proximity to resource extraction uses.

# RECOMMENDATIONS

It is recommended that the Council of the Township of Blandford-Blenheim <u>not approve</u> the Zone Change Application submitted by Bender Contracting on behalf of Ross Roth Sand & Gravel Inc., whereby lands described as Part Lots 23-24, Concession 12 (Blenheim), Township of Blandford-Blenheim, are to be rezoned from 'Aggregate Industrial Zone (ME)' to 'Special Aggregate Industrial Zone (ME-sp)' to permit a single detached dwelling and a residential unit within a building accessory to an aggregate operation.

Hi Greg,

Please let your planner know that the partial surrender of the licence is pending. The partial surrender may still take MNRF a few months to approve. However, the first part of the information below may allow your planner to keep your rezoning application moving forward. Thanks.

Hello Bernie,

Attached is an Inspection Report as generated under the Aggregate Resources Act (ARA) for Licence no. 5606, aka Bright Pit #1. This Inspection Report confirms that the desired area to be surrendered has met the intent of the existing Progressive Rehabilitation and Final rehabilitation Plan. It is recommended that Aggregate Section approve the proposed partial surrender.

There are still a few non-compliance items unrelated to the partial surrender from previous inspections that are repeated in this Inspection Report as the remedial action dates have not yet passed. Please advise me as you bring the site back into compliance with the ARA.

Kindly reply back to this email to acknowledge receipt of the Inspection Report and for our tracking purposes.

Thank you,

That Report FC-23-16 is received as information.

#### Background:

To provide Council with an update regarding the activities of the Protective Services Department, for the month of October 2023.

#### Analysis/Discussion:

#### Fire:

- 30 burn permits were issued in October 2023
- October 2023 monthly fire calls with annual comparisons (included)

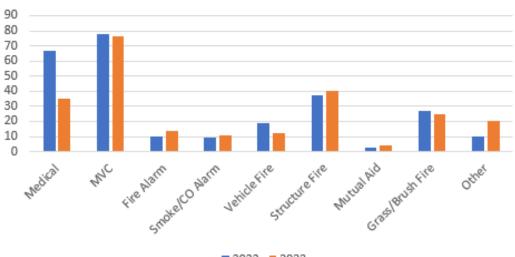

#### Meetings, Courses and Training Attended:

- Staff has been busy working on our asset management plan, along with meeting with our County representative. Staff has attended each station to produce an accurate account of items both on the trucks and in the stations.
- Staff, along with Council members, attended the Enbridge gas plant for a tour and discussed their vision for the future. This was again a great way for the Township and community stakeholders to form a stronger relationship.
- On the 16<sup>th</sup> of October staff met with the six newly hired firefighters to go over policy and procedures of our department. Along with required paperwork the recruits were given their PPE so they can start to attend practices with their official start date being October 17<sup>th</sup> 2023. The breakdown of new recruits is as follows: 2 in Bright, 2 in Drumbo, and 2 in Princeton.
- Staff attended our monthly RFSOC Chiefs meeting on October 19<sup>th</sup> at the Mount Elgin fire station. As all Townships are finalizing their new hires much discussion was had in preparation for the January start of the recruit training program. The revamped course selection site has been launched for firefighters to see where and when courses are being offered next year and to get signed up. The new site offers admin personnel better ways to track who is signed up.

#### Report FC-23-16

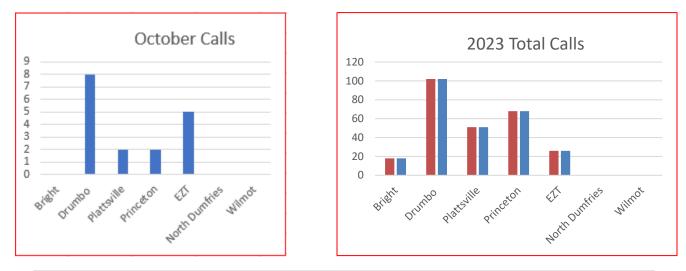

- Medical training schedules were talked about as Blandford-Blenheim, along with SWOX, are due for all firefighters to complete the twenty-hour recertification which is required every six years.
- Blandford-Blenheim held the October pump ops course in Plattsville over two weekends. This was the final pump ops course being held for this calendar year. Blandford-Blenheim took on two addition pump op courses this year as the Norwich water tower was down due to construction leaving the town without the use of hydrants. We as a township will return to the previous schedule next year and offer one pump ops course in June.
- We delivered an air brake course over one weekend where recruits from last year attended to continue their required training to obtain their full DZ license. They will continue in November with a weekend focused on the "D" portion.
- Staff worked on completing the Fire capital and operating budgets for the upcoming year
- A virtual Chiefs meeting was held for our sector which includes Blandford-Blenheim and west down to Sarnia with the Sarnia Chief being the chair. These meetings are a great way of staying informed of happenings that occur beyond Oxford County. We had a guest speaker, Mr. Gary Van den Heuvel from Preferred Towing, explain the benefits of cross training with the tow industry and what they can bring to the table when faced with a major crash where a heavy tow truck could be of benefit when completing extrication of a patient.
- Throughout the month of October, I have attended all stations practices touching on upcoming events and promoting the course calendar for next year, as I know the last two months of the year are busy times for everyone.
- Dates to remember
  - November 26<sup>th</sup>...Drumbo Santa Breakfast

That Report PW-23-20 be received for information;

And further that council except the quoted price of \$363,358.00 from Viking Cives for the delivery of a 2025 Tandem Truck with plow equipment.

And further that staff amend the 10-year capital plan to show the purchase of the 2025 Freightliner 114SD cab and chassis for the amount of \$197,878.00 to be shown in the year 2024.

And further that staff amend the 10-year capital plan to show the balance of the 2025 Freightliner, \$165,480.00 for winter equipment be shown in the year 2025.

#### Background:

The Townships Tandem Truck replacement schedule is every 10 years. As identified in the Townships 10-year capital plan the Public Works department is to replace a Tandem Truck in 2025.Staff presented report PW-23-12 in June outlining the supply chain issues and time lines. This report will outline the method used to obtain pricing and the time sensitivity required to move forward to secure a truck for delivery in 2025.

#### Analysis/Discussion:

Although supply chain issues have started to be fixed, the backlog that was caused will still take some time to be back to normal. In speaking with some suppliers and other Municipalities many tenders are coming back unfilled because of the lack of supply or long lead times. Suppliers are unsure they can meet the deadlines that the tenders are requiring. Due to these long lead times suppliers are only releasing a minimal amount of build slots. Freightliner has just released there build slots for 2024 and if we want to secure one, we need to act now and commit to it. If we do not take a build spot now, we may not get one until 2025, meaning it will be 2026 before we see

Report PW-23-20

a truck. This would extend our expected life past the 10-years and subject the Township to the possibilities of higher maintenance and repair costs.

As discussed in report PW-23-12 Tendering a vehicle of this nature has become a problem. Suppliers aren't submitting quotes as they can not meet deliver deadlines or know when products will become available. By using Viking Cives and the AMO Canoe program we were able to get on a wait list and now that the 2024 build slots have been released, we have the opportunity to secure one.

Viking-Cives is the supplier on record for the 2025 Freightliner 114SD with winter equipment. As an incentive they are offering a \$5,400.00 rebate if payment is made for the cab and chassis once it is delivered to Viking Cives. The cab and chassis is expected to be delivered in Q4 of 2024, this would require the 10-year capital budget to be amended to show the cab and chassis payment and the balance would be paid when delivery to the Township is completed in 2025.

#### **Recommendation:**

That Report TR-23-15 be received as information;

And further that Council instruct the Treasurer to bind the renewal for the Township's municipal insurance with Marsh Canada.

#### Background:

In 2022, after many years with Cowan Insurance, and annual increases of 13-15% in recent years, the Township issued an RFP for our 2023 municipal insurance. Three proposals were received and reviewed by a consultant specializing in risk management & insurance. The lowest cost proposal from Marsh Canada was endorsed by Council resulting in significant savings for the Township.

#### Analysis/Discussion:

Marsh Canada has proposed an overall premium increase of 8% for 2024 and provided the following details in regards to changes from the expiring policy:

#### Municipal General Liability

- Increased Primary by 10% due to market inflationary changes
- Increased Environmental Impairment Liability by 10% due to market inflationary changes
- Please note the Retroactive Date for Errors & Omissions and Environmental Impairment Liability have changed from Unlimited to November 15, 1993, on all Marsh's Municipal Accounts moving forward. This now matches the Incidental Medical Malpractice retroactive date.

**Excess Liability** - Increased Layer 1 by 15% due to market inflationary changes

#### Property

- 8% increase in to account for inflation
- 5% rate increase due to standard market changes

#### Automobile

• 3% increase due to market inflationary changes

#### Annual Low Risk Event Liability

• 7% increase due to market inflationary changes

#### **Premium Breakdown**

| TOTALS:                          | \$140,257.00   | \$9,096.88 |

Other Oxford municipalities are seeing renewals in the range of 8 to 13%.

#### **Financial Considerations:**

An increase of 8% to the overall municipal insurance policy represents an increase of approximately \$11,045 to the overall budget for 2024.

## Important – Please Note The Following

## **Duty of Disclosure**

In addition to providing all basic information necessary to enable us to place the risk, you must ensure that you are complying with your legal duty of disclosure of all material matters relating to the risk. In particular, you must satisfy yourself as to the accuracy and completeness of the information you provide to insurers. In this respect, you must provide all information relating to the risk, whether favourable or not, which would influence the judgement of a prudent insurer in determining whether he will take the risk, and, if so, for what premium and on what terms. If all such information is not disclosed by you, insurers have the right to void the policy from its inception which may lead to claims not being paid.

#### **Payment Terms**

Premiums are due and payable on receipt of a Marsh invoice. Payment should be made immediately to avoid any possible cancellation for non-payment of premium.

#### Period of Validity of Quote

This offer remains open for acceptance by the Insured until the expiry of the current Municipal Insurance program policy (ies).

#### **Breach of Warranty or Subjectivity**

If any of the terms and conditions contained in this proposal are identified as a "warranty" or as a subjectivity to binding or continuing cover, you should be aware that if the terms of the warranty as stated are breached or the subjectivity is not met, insurers may have the right to void the applicable coverage and deny any resulting or subsequent losses as a result.

#### Underinsurance

It is important that all policy limits and amounts insured be reviewed carefully and at least annually to be certain they are adequate to provide full recovery in event of a loss.

## **Underwriting / Binding Authority**

Certain portions of this quotation of cover have been provided by Marsh Canada Limited acting in an underwriting capacity on behalf of the Insurer who, under a binding authority agreement, has given us authority to quote and confirm insuring terms, conditions and premiums. Marsh Canada Limited is not acting as an insurance broker in this instance and is not providing alternative terms or markets for the cover other than as quoted. For covers where Marsh Canada Limited does not act in an underwriting capacity nor has a binding authority agreement with the Insurer, coverage cannot be bound with those Insurers unless a request is made to the Insurer and confirmation of coverage is subsequently received by Marsh Canada Limited from the Insurer.

#### **Material Changes From Expiring Policy**

You should carefully note any items identified in the "Changes from Expiry" section under each coverage as they represent material changes in cover from your previous policy.

## **RISK AND CLAIMS INFORMATION**

This proposal has been based on the risk and claims information provided and/or verified by you to Marsh Canada Limited. If any of this information is not correct or has changed in the interim, you must advise us immediately as the terms quoted may therefore be invalid and cover cannot be bound as quoted.

#### TAXES PAYABLE BY INSUREDS

The following taxes as prescribed by federal and/or local laws and regulations will apply to all or certain portions of the premiums quoted and will be charged by Marsh Canada Limited in addition to the premiums quoted:

**Provincial Sales Tax**

| Report #:    | TR-23-16  |                          |                                     |

#### **Recommendation:**

That Report TR-23-16 be received as information;

#### Background:

On a regular basis staff will provide a financial report to Council that shows the budget and actual expenses for the year to date. This 3<sup>rd</sup> Quarter Operating report shows projected year end balances and variances. The report is attached for Council's review and is for the period ending September 30, 2023.

The columns in the operating report are set up as follows:

- 2023 Budget (as approved by Council)
- YTD Budget September budget amount to September 30<sup>th</sup> only
- YTD Actual expenses/revenues as of September 30, 2023
- Projected Year end Balance staff estimate of year end balance

• % Projected Over/-Under Budget- percentage over/under budget expected at year end -

positive percentage is expected to be over budget i.e. over in expenses or revenues and a negative percentage is expected to be under budget, i.e. under in expenses or revenues.

#### Analysis/Discussion:

The 3<sup>rd</sup> Quarter report presented to Council estimates the projected year end balances and surplus/deficit. This year's 3<sup>rd</sup> Quarter operating report was done in summary form. It is a bit easier and much less time consuming for staff to make projections in this form, while still providing Council with a similar overall picture. It is still important to note that this report is not a final accounting of transactions but merely a projection based on current information at hand. Extraordinary events have not been accounted for in this report. Staff have provided some explanations where significant variances are expected.

Two summary reports are provided at the end, one breaking it down by department and the other by category of revenue or expense. As indicated in the summary reports, the overall year end total is expected to be within 1% of budget at this time.

<u>2023 – Capital Projects 3<sup>rd</sup> Quarter Interim Report</u> – This report indicates how all 2023 projects are progressing according to budget. There are several projects that will not be completed in 2023 due to various reasons including projects not needing to be done yet. Total projected spending on capital projects is anticipated to be lower than budgeted due to the projects not being completed.

#### Financial Considerations:

At this time, it is anticipated that the Township's 2023 Operating Report will complete the year very close to budget. The building department is anticipating a surplus which will be transferred to the building reserve.

### **Recommendation:**

That Report DC-23-05 be received; and,

That the Council meeting for January 3, 2024 be cancelled and the following meetings be established for the month of January 2024:

- January 10, 2024 at 4:00 p.m., Regular Council
- January 17, 2024 at 10:00 a.m., Operating Budget presentation

### Background:

The Township's procedural By-law states that each "…regular meeting of Council shall be held on the first Wednesday and third Wednesday of each month at 4pm, unless, Council selects an alternate meeting date, and time by way of resolution." During the months of July and August Council meets only on the first Wednesday of the month.

### Analysis/Discussion:

For the past number of years, the first meeting of Council in January has been changed because of the closure of the Township between Christmas and New Year's. This year the first Wednesday in January falls on the 3<sup>rd</sup>. Staff recommend that the first meeting be moved to the second Wednesday on January 10<sup>th</sup>, 2024.

The second meeting would remain on January 17<sup>th</sup> but it is recommended that this meeting begin at 10:00 am in order to allow for discussions on the 2024 operating budget.

### Financial Considerations:

## TOWNSHIP OF BLANDFORD-BLENHEIM

### Agenda Item

To:Members of CouncilReviewed By:Township Engineering<br/>ConsultantSubject:Plattsville Estates stage 3A Letter<br/>of Credit

From: Rodger Mordue, CAO/Clerk

Date: November 2, 2023

Council November 15, 2023

**Report #:** CAO-23-22

### **Recommendation:**

That Report CAO-23-22 be received as information; and,

That Council authorize the following Letter of Credit reduction on the recommendation of the Township's Consulting Engineer:

- Plattsville Estates stage 3A Subdivision from \$66,088.73 to \$36,505.50

### Background:

When a subdivision is developed all infrastructure (ie roads, sidewalks, drainage, etc.) are installed by the developer. Ultimately all of this infrastructure will become the responsibility of the municipality so it's in the municipality's best interest to ensure that the work is being done properly. Through the subdivision agreement the Township retains securities in the form of a Letter of Credit (LC) issued by a financial institution to ensure that work is completed to the Township's satisfaction. If not the municipality has the authority to draw upon that LC to do that job right.

All work that is needed to be done is identified early on when the subdivision agreement is entered into. As the work is completed the developer has the opportunity to apply to the municipality to have a portion of the retained securities related to the completed works released to them.

### Analysis/Discussion:

Parts of Applewood Street, English Crescent and Fulcher Street in Plattsville were developed by Plattsville Estates under a subdivision agreement entered into in 2011. The original LC value at the start of the development covered the total value of work on the infrastructure that would be eventually transferred to the municipality. Over time work has progressed and the LC

amount has been reduced. The last reduction in the LC was to a value of \$66,088.73. The Township recently received a request from the developers engineer to reduce the LC to zero. Township staff as well as the Township's Consulting Engineer has reviewed this request and have determined that all outstanding deficiencies have been addressed. As such the following recommendation for reduction is being made:

| Development                     | Total value of work | Amount of previous | Recommended LC amount |  |  |
|---------------------------------|---------------------|--------------------|-----------------------|--|--|
| Plattsville Estates<br>Stage 3A | \$1,516,518.37      | \$66,088.73        | \$36,505.50           |  |  |

### Financial Considerations:

The Plattsville Estates Stage 3A subdivision agreement has been partially complied with. A security in the amount of \$36,505.50 is required to be kept to ensure the remainder of the subdivision is completed to Township standards.

#### Re: Plattsville Estates stage 3A – LC Reduction

Dear Rodger:

The developer is now requesting a partial release of the Letter of Credit. The only remaining work item is surface works on Todd Way. The maintenance will remain in place for Todd Way until the surface work is completed.

The following is a breakdown showing the value of the work completed (on maintenance) and the work not completed:

| Description                        | Valu                                     | e of Work Completed                                    | Value of Work Not Completed |

### THE CORPORATION OF THE

### TOWNSHIP OF BLANDFORD-BLENHEIM

### BY-LAW NUMBER 2397-2023

Being a by-law to establish the Corporation of the Township of Blandford-Blenheim Fees and Charges.

WHEREAS, Section 391(1) of the Municipal Act, 2001, S.O. 2001, c.25, as amended, provides that a municipality may pass by-laws imposing fees or charges for services or activities provided, for costs payable by it for services or activities provided or done by or on behalf of the municipality for the use of its property including property under its control;

**AND WHEREAS,** the Planning Act, R.S.O. 1990, c.P.13, as amended, and the Building Code Act, S.O. 1992, c.23, as amended, and various other statutes provided municipalities with authority to impose various fees and charges;

**AND WHEREAS,** notice was given of Council's intent to consider changes to the Township of Blandford-Blenheim Fees and Charges By-Law on the Township's website in accordance with Township of Blandford-Blenheim Notice By-Law 1668-2011.

**NOW THEREFORE** the Council of the Corporation of the Township of Blandford-Blenheim hereby enacts as follows:

- 1. That all fees and charges by-laws previously established by Council of the Township of Blandford-Blenheim are hereby repealed.
- 2. That the fees and charges as set out in Schedules "A" through "J" attached hereto and forming part of this By-law are hereby established and adopted by the Council of the Township of Blandford-Blenheim.
- 3. That no request by any person for any information, service, activity or use of County property described in Schedules "A" through "J" will be processed or provided by any Township Official, unless and until the person requesting the information, service, activity or use of the Township property has paid the applicable fee or charge in the prescribed amount as set out in Schedules "A" through "J" to the Township or payment arrangements have been made with a Township Official;
- 4. That unless otherwise prescribed, the fees and charges established by this By-Law shall be payable to The Township of Blandford-Blenheim by cash, money order, certified cheque, cheque or debit card when due. Payments can be made for some fees (not including property taxes) on the website using credit card but are subject to a 2% surcharge as per Schedule B.
- 5. That fees and charges that have been imposed in accordance with this By-Law that remain unpaid after the date on which they are due shall be subject to prescribed interest and penalty charges of one and one quarter

percent per month (1.25%), non compounded or fifteen percent (15%) per annum.

- 6. That in the event another by-law of the Township of Blandford-Blenheim establishes a fee or charge that is not referenced by this By-Law and that is not inconsistent with this By-Law, the fee or charge established by that other by-law shall be deemed to be included in Schedules "A" through "J" attached hereto;
- 7. That any provision of any by-law that is inconsistent with this By-Law be hereby repealed;
- 8. That the effective date of this By-Law shall be January 1, 2024.

By-law **READ** a **FIRST** and **SECOND** time this 15th day of November, 2023.

By-Law **READ** a **THIRD** time and **ENACTED** in Open Council this 15th day of November, 2023.

#### THE CORPORATION OF THE

### TOWNSHIP OF BLANDFORD-BLENHEIM

### BY-LAW NUMBER 2398-2023

Being a By-law to assume and name lands as a public highway (English Crescent, Fulcher Street), located in Part of Lot 17, Concession 13, Township of Blandford-Blenheim, (former Blenheim).

WHEREAS Section 8 of the Municipal Act, S.O. 2001, Chapter 25, and amendments thereto, provides that the power to a municipality shall be interpreted broadly so as to confer broad authority on the municipality to govern its affairs as it considers appropriate.

**AND WHEREAS** Section 31 of the Municipal Act, S.O. 2001, Chapter 25, and amendments thereto, states that after January 1, 2003, lands may only become a highway by virtue of a by-law establishing them as a highway and a municipality may by by-law assume highways for public use that are shown on a registered plan of subdivision.

**AND WHEREAS** the Township pursuant to a Subdivision Agreement registered between 1578651 Ontario Limited, the Township of Blandford-Blenheim and the County of Oxford there was agreement to dedicate lands known as English Crescent and Fulcher Street (Plan 41M-282) as a public highway.

**AND WHEREAS** the Subdivider (1578651 Ontario Limited) has established and constructed a public highway and posted the required securities for this phase (Stage 3B) of the Plattsville Estates Subdivision in Plattsville.

**AND WHEREAS** the Council of the Township of Blandford-Blenheim deems it advisable to assume and name the lands described as a public highway.

**NOW THEREFORE** the Council of the Corporation of the Township of Blandford-Blenheim enacts as follows:

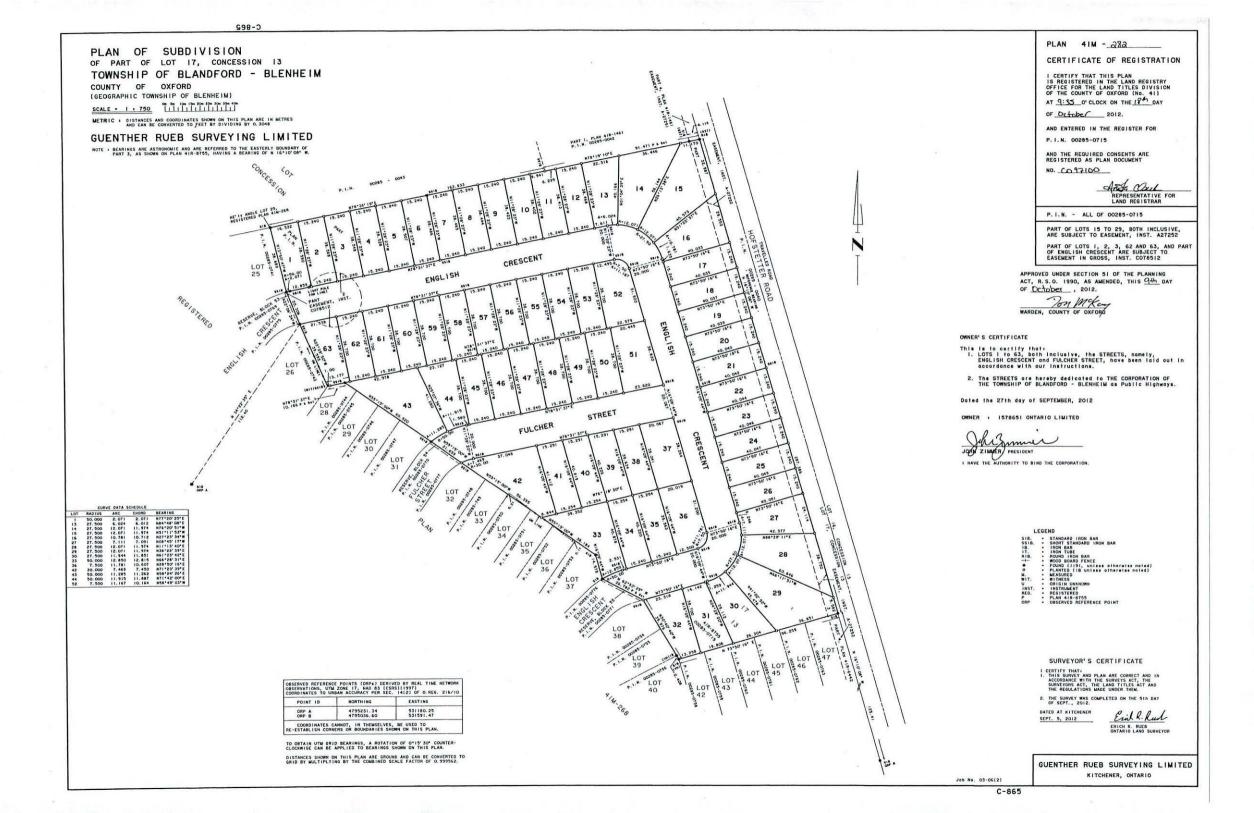

1. The Council accepts the parcels of land described English Crescent and Fulcher Street, according to Plan 41M-282, as a municipal highway for the use and benefit of the public.

By-law READ a FIRST and SECOND time this 15th day of November, 2023.

By-law **READ** a **THIRD** time and **ENACTED** in Open Council this 15th day of November, 2023.

Mark Peterson, Mayor

Rodger Mordue, Clerk
