Notes:

- Section 21 of the Drainage Act, RSO 1990 requires that assessments be shown opposite each parcel of land and road affected. The affected parcels of land have been identified using the roll number from the last revised assessment roll for the County/Township. For convenience the owner's names as shown by the last revised assessment roll have also been included.
- Actual assessment is levied to the owner of the parcel at the time the final cost is levied.
- Allowances to Township for SWMF parcels are not shown here.
