

**APPLICATION FOR A RURAL ENTRANCE ON ROAD ALLOWANCES**

**BY-LAW NUMBER 1678-2011**

1. New entrances and maintenance of existing entrances:
  - (a) The property owner is to pay the actual Township cost for the culvert plus \$1250.00 for the installation which includes all equipment, labor and materials.
  - (b) Culvert sizing and length is determined at the discretion of the Director of Public Works.
  
2. Road Rebuilding:
  - (a) The Township will supply and install culverts to a maximum of two (2) entrances per property when the Township initiates reconstruction or alters the grade of the existing entrance. All culvert sizing and length is determined at the discretion of the Director of Public Works.

The above charges were established by By-law adopted by Council on April 20, 2011 and are revised yearly by the Fees and Charges By-Law

I/We hereby agree to pay the Township of Blandford-Blenheim the cost as may be required for the culvert and/or any installation if needed.
